

Indestructible (Robyn, Åhlund)

Middle: I'm going backwards through time at the speed of light
I'm yours, you're mine, two satellites not alone
No we're not alone
A freeze frame, move your eye in the strobe light (**High/Alt/Low:** oo)
Sweat dripping down from your brow, hold tight
Don't let go, don't you let me go

Chorus:

Middle: And I (**High/Alt/Low**) never was smart with love
I let the (**Alt**) bad ones in and the good ones go, but (**High/low:** ah)
High(Mid in harmony): I'm gonna love you like I've never been hurt before
(**Alt/low:** nev-er)
I'm gonna love you like I'm indestructible (**Alt/low:** in-dest)
High/Middle: Your love is all too magnetic and it's taking over
(**Alt/low:** ruct-i-ble)
This is hardcore(**Alt/low:** HARDCORE!) and I'm indes(**High**)tructible

Middle (Alto in harmony): Hands up in the air, like we don't care
We're shooting deep into space and the lasers split the dark
Cut right through the dark
(**High/Low:** oo) It's just us, we ignore the crowd dancing, 4 to the floor
***STAMP!, *STAMP!, *STAMP!**
Beats (**High/Low:** oo) in my heart, put your hand on my heart

Chorus

Instrumental: ah, ah, ah

Double chorus
